Report of Principal and School Improvement Council

During the 2012-2013 school year, Beaufort High School continued its tradition of the Small School model and completed our 7th year with this successful approach. Stakeholder surveys continued to indicate that the model is highly effective and that our motto "Where Small Schools Make a Big Difference" holds true. We also completed our 3rd year of Eagle Scholars, a rigorous program designed for incoming 9th graders that focuses on Honors classes with an emphasis on science and mathematics. Plans are also underway to include students throughout their junior and senior year. Of particular note is this year's senior class which distinguished themselves with two National Merit Scholars, a district high thirteen Senior Scholars, and bringing in a record 8.7 million dollars in scholarships.

Extensive faculty professional development and training continued throughout the building. Freshman teachers and students were given I-pads to use in classrooms; this resulted in increased student engagement and learning as students used this technology. Staff development for the freshman teachers focused primarily on technology usage and applications for I-pads. Faculty members attended professional development in Ruby Payne and Explicit Direct Instruction. Teachers were accountable for using the methods of EDI in their daily lessons. Staff development also focused on teachers continuing their advanced technology training. A technology specialist worked with teachers to improve both instructional support skills and data interpretations skills.

The school continued to move forward as a whole towards implementing the Common Core Standards throughout the building. Our English Department participated monthly in rigorous training with a district consultant with plans to expand into other departments next year.

Beaufort High School continued its use of several successful initiatives in bridging the gap between student ability, student achievement, and test scores. The APEX program was utilized to support additional focus on learning gaps and to provide reinforcement in basic concepts. The continued utilization of U.S.A Test Prep helped teachers establish benchmark scores for students in each subject area, monitor student progress, and improve test preparation. Incoming freshman who scored in the lower quartile of their competency tests in middle school in English or Mathematics were instructed daily in those areas with targeted instruction. Students who failed to pass the HSAP exam or were at risk of failing the HSAP exam were assigned to a learning lab. The lab was staffed by certified teachers that volunteered a portion of their planning periods. This provided students with one-to-one instruction.

Under the guidance and direction of a new principal, many positive changes were implemented in the building including the re-launching of one of our small schools to reflect updated course offerings in the Allied Health Professions and Consumer Sciences. Another initiative was the expansion of our Advanced Placement course offerings. Beaufort High School's first Parent Teacher Student Organization (PTSO) was formed and is on pace to have a very successful year. Lastly, a structured approach was utilized to increase personal accountability of teachers in our educational programs and student achievement outcomes. We at BHS are extremely excited and looking forward to seeing our Eagles soar even higher in the coming year!

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.

Overall Weighted Points Total	83.0
Overall Grade Conversion	B

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the state's expectations

Accountability Indicator for Title I Schools

Beaufort High School school has been designated as a:

- ☐ Title I Reward School for Performance - among the highest performing Title I schools in a given year.
- ☐ Title I Reward School for Progress – one of the schools with substantial progress in student subgroups.
- ☐ Title I Focus School – one of the schools with the highest average performance gap between subgroups.
- ☐ Title I Priority School – one of the 5% lowest performing Title I schools.
- ☐ Title I School – does not qualify as Reward, Focus or Priority School.
- ☒ Non-Title I School – therefore the designations above are not applicable.
